LEADERSHIP

KAREN ANASTASIA PRESCOD

Speaker on the Human Side of Leadership

Leadership shaped in business, community, service and real life.

WHY KAREN

24 countries. 5 continents. 22 months. Solo.

After her wife Tracey transitioned, Karen sold almost everything and began traveling alone. Across temples, mountain paths, crowded streets and quiet ones, the journey became a continued education in what people carry that cannot be seen.

Grief. Solitude. Fear. The quiet work of discovering what remains when familiar structures fall away. The same truth kept surfacing: people need to know they matter — and most of the time, what they are carrying is not visible.

Karen brings that lived perspective to the stage. She creates the kind of room where people laugh, reflect, participate — and leave ready to see people more fully.

LEADERSHIP IN THEIR WORDS

> **KEITH COSTELLO**
> *President & CEO | Locality Bank*
> It has been my pleasure to have worked with Karen Prescod in my role as Chairman of the Board of the Greater Fort Lauderdale Chamber of Commerce in 2017. Karen was the one board member to distinguish herself through her leadership. When we needed someone to take on a difficult project she was the person I could count on. On more than one occasion I took on a project or committee that had not worked or was having problems. She used her leadership skills to create a motivated and focused team to accomplish the tasks. I can say that she is a can-do person, up for any challenge and is someone that gets it done. I have the utmost professional respect for her and would recommend her for leadership roles.

> **JULIET MURPHY ROULHAC, ESQ.**
> *Corporate External Affairs | Florida Power & Light*
> Karen is both challenging and inspirational as a leader. She has lofty goals and is unafraid to take the risks necessary to realize those goals.

> **DICK CLARK**
> *President & CEO | Clark Leadership Consulting*
> I've observed Karen since she got involved in the Chamber. I've witnessed a highly focused, ultimate professional who leads by example, commands respect, and is a results-driven force. Humble by nature, but relentless and determined to make a difference. Too often while we notice these positive characteristics in a person, we forget to share them in the world. Karen ROCKS!

> **HEIKO DOBRIKOW**
> *EVP | The Las Olas Company & General Manager Riverside Hotel*
> As Chairman of the Greater Fort Lauderdale Chamber of Commerce Board of Directors, I had to select a leader worthy of the 2016 Chairman Award. I was pleased to award Karen Prescod for her amazing leadership as she was instrumental in our Gay & Lesbian Business Council to leap to the next level. Her collaborative nature ensured that there was transparency to build trust amongst her board. She quickly created a vision for this group through a workshop retreat. It was important for her to surround herself with strength and influential leaders. As she was traveling through change, her empathetic nature engaged her team to be loyal, engaged and productive. Constantly she challenged her team to be innovative and pulled them to be ahead of the plan. Throughout this year she remained grounded towards her fellow members, ethical in all of her interaction and most importantly passionate about building great momentum and success. Karen Prescod, a true servant leader to our community.
